Betty Linn – 99 Not Out

On March 26th, all the players were enthusiastic in celebrating the end of Betty Linn's 99th year and ushering her into her 100th. Many thanks to Pam Bloomfield for supplying the beautiful & delicious cake as well as those contributed to a tasty afternoon tea.

SABF Newsletter

The latest edition of the SABF Newsletter is now available online at:

For those of you who don't have the internet, I should be receiving some printed copies soon.

Bridgemate Tips

One of the more frequent calls the director gets is to fix incorrect entries into the Bridgemate. Here are few tips to reduce the error rate:

North-South

- Enter the board number as soon as the board is put on the table. (Remember to press OK.) That way you will always be entering the result for the correct board.
- Enter the contract as soon as the bidding has finished, even if it's your lead. This saves time at the end of the board and you are much less likely to enter the wrong contract.
- This means that the only thing left to do at the end is enter the number of tricks.
- Remember to press OK after you enter the number of tricks. If you don't, it can cause problems.

East-West

- Before you press Accept, make sure you actually look at the display. Make sure that OK has been pressed after the number of tricks. Then check the board number, the contract & the result.
- If you see an error, pressing Cancel allows the details to be corrected.

Happy Bridging
